SECURITY INFORMATION

ORR Diary, 14 April 1952

NOTICES

FDD advised that ORR requests for translation of UNCLASSIFIED documents and publications have been many less than we estimated in a survey made late last year. This means that FDD has available unutilized capacity for this work. (Since unclassified translation is performed by private firms under contract with FDD, it does not affect the workload of FDD.) Analysts are reminded that this service is available when and as the need arises.

In view of pending moves within ORR, it is suggested that maps on loan from D/G, which are no longer required, be returned for the Map Library Branch, D/G, Washington Auditorium.
